Beschreibung des Unternehmens

Die ODDO BHF SE zählt zu den führenden Adressen der unabhängigen Privatbanken Deutschlands. Unsere Kunden sind sehr vermögende Privatanleger, vorwiegend mittelständische Unternehmen sowie institutionelle Investoren. Wir haben uns der professionellen und individuellen Beratung verschrieben. An unsere Mitarbeiter stellen wir die hohe Anforderung, dass sie mit ihrem Arbeitsbeitrag und ihrer Persönlichkeit dieser Maxime entsprechen.

Stellenbeschreibung

Aufgaben

The Group Head of Cybersecurity will lead a team of approximately 60 professionals across three countries (Germany in Frankfurt and in Saarbrücken, France in Paris, and Tunisia in Tunis), overseeing the following four key domains:

1. Security Operations Centre (SOC)
Ensure 24/7 monitoring, detection, and response to security incidents according to Service Level Agreements.
2. Identity & Access Management (IAM)
Govern and manage access rights across the bank according to our policies, ensuring compliance and least-privilege principles.
3. Cybersecurity Infrastructure & Transformation
Drive the implementation of regulatory and cybersecurity projects in a timely fashion manner and remediate risks identified by the second line of defense.
4. Cybersecurity Demand
Evaluate and validate the security posture of business projects, ensuring alignment with Group security standards.

Anforderungsprofil

Anforderungen

- Strong technical expertise in IT Security is essential. The ideal candidate must demonstrate deep knowledge of cybersecurity technologies, architectures, and threat landscapes.
- Proven leadership experience in managing multi-disciplinary and geographically distributed teams.
- Strategic mindset with the ability to translate security needs into actionable programs.
- Experience in regulated environments and ability to interact professionally with internal or external auditors and supervisors, particularly in financial services, is a strong asset.
- Excellent communication and stakeholder management skills, with the ability to engage at executive level, to influence non-technical stakeholders and to foster a security-first mindset.
- Regular travels to Saarbrücken, Paris and Tunis.
