Activité

YOUR DAY TO DAY

ODDO BHF Corporate Finance Partners is an independent corporate advisory firm. Our Franco-German investment bank, comprising around forty investment bankers, offers a comprehensive range of services to corporates and investors, including Mergers & Acquisitions, Equity Capital Markets, and Debt Advisory. We primarily support mid-sized companies (ETIs) and family-owned businesses in Switzerland, France, Germany, and Austria, with whom we build long-term partnerships.

Within the ODDO BHF Corporate Finance Partners teams, you will be responsible for executing mandates entrusted by corporate clients, as well as contributing to business development efforts aimed at expanding our activities and client base.

In this context, your main responsibilities will include:

- Analyzing companies' situations, considering their market positioning, financial characteristics, and growth prospects, in order to perform valuations using commonly applied methodologies
- Contributing to the preparation of materials for prospects, clients, or investors related to transactions such as IPOs, private placements, bond issuances, and company acquisitions or disposals
- Participating in all stages of transactions, from preliminary analyses and mandate acquisition through to the completion of the transaction
- Gradually developing sector-specific and/or functional expertise, with the objective of gaining a high level of autonomy in transaction execution

YOUR TEAM AND WORKING ENVIRONMENT

You will join the Corporate Finance team in Switzerland and will interact frequently with colleagues from Corporate Finance, as well as with professionals from Investment Banking and other business lines within the ODDO BHF Group.

Descriptif du poste

Skills you will develop

The diversity of assignments, the variety of stakeholders, and direct access to senior management within a human-sized organization backed by a fast-growing European group will enable you to:

- Develop strong analytical, synthesis, and decision-making skills across a wide range of situations
- Gain client exposure and actively participate in commercial and marketing initiatives
- Work closely in teams, both within Corporate Finance and with other business lines of the Group, including Private Banking and Securities (Sales, Research, Sales Trading, Syndication, etc.)

COMPENSATION

We offer compensation tailored to your profile and skills. The package includes a fixed element and a discretionary bonus, determined through individual performance review at the year end.

Our ambition is to attract and develop the best talent by offering the opportunity to become shareholders of the Group alongside the ODDO family who together hold 90% of the capital. We are committed to aligning our interests and values with our customers and partners.

Profil et compétences recherchées

REQUIREMENTS

- You hold a degree from a top business school or engineering school, with a specialization in Finance ideally, you have a first successful experience in M&A, Debt Advisory, ECM, or Capital Markets Engineering
- You are flexible, autonomous, detail-oriented, and persistent, with strong interpersonal skills
- You are fluent in German, English, and French, both written and spoken
- Proficiency in Microsoft Office

WHY ODDO BHF ?

At ODDO BHF, we have the privilege of serving more than 60,000 clients, including institutional investors, companies, distribution partners, and major private clients, whose financial assets we advise, manage, and invest.

Our mission is to help them grow through our four business lines:

- Private Banking
- Asset Management
- Corporate and Investment Banking
- Banking Services and Technologies

This position is open to candidates with disabilities. We support you throughout the recruitment process and, once hired, will work with you to adapt and/or facilitate your working environment as effectively as possible. Please feel free to raise any questions during the HR interview.
